#### CHAPTER REFERRED TO IN OTHER SECTIONS

This chapter is referred to in section 3006A of this title.

### § 4241. Determination of mental competency to stand trial

(a) **MOTION TO DETERMINE COMPETENCY OF DEFENDANT.**—At any time after the commencement of a prosecution for an offense and prior to the sentencing of the defendant, the defendant or the attorney for the Government may file a motion for a hearing to determine the mental competency of the defendant. The court shall grant the motion, or shall order such a hearing on its own motion, if there is reasonable cause to believe that the defendant may presently be suffering from a mental disease or defect rendering him mentally incompetent to the extent that he is unable to understand the nature and consequences of the proceedings against him or to assist properly in his defense.

(b) **PSYCHIATRIC OR PSYCHOLOGICAL EXAMINATION AND REPORT.**—Prior to the date of the hearing, the court may order that a psychiatric or psychological examination of the defendant be conducted, and that a psychiatric or psychological report be filed with the court, pursuant to the provisions of section 4247(b) and (c).

(c) **HEARING.**—The hearing shall be conducted pursuant to the provisions of section 4247(d).

(d) **DETERMINATION AND DISPOSITION.**—If, after the hearing, the court finds by a preponderance of the evidence that the defendant is presently suffering from a mental disease or defect rendering him mentally incompetent to the extent that he is unable to understand the nature and consequences of the proceedings against him or to assist properly in his defense, the court shall commit the defendant to the custody of the Attorney General. The Attorney General shall hospitalize the defendant for treatment in a suitable facility—

(1) for such a reasonable period of time, not to exceed four months, as is necessary to determine whether there is a substantial probability that in the foreseeable future he will

attain the capacity to permit the trial to proceed; and

(2) for an additional reasonable period of time until—

(A) his mental condition is so improved that trial may proceed, if the court finds that there is a substantial probability that within such additional period of time he will attain the capacity to permit the trial to proceed; or

(B) the pending charges against him are disposed of according to law;

whichever is earlier.

If, at the end of the time period specified, it is determined that the defendant's mental condition has not so improved as to permit the trial to proceed, the defendant is subject to the provisions of section 4246.

(e) **DISCHARGE.**—When the director of the facility in which a defendant is hospitalized pursuant to subsection (d) determines that the defendant has recovered to such an extent that he is able to understand the nature and consequences of the proceedings against him and to assist properly in his defense, he shall promptly file a certificate to that effect with the clerk of the court that ordered the commitment. The clerk shall send a copy of the certificate to the defendant's counsel and to the attorney for the Government. The court shall hold a hearing, conducted pursuant to the provisions of section 4247(d), to determine the competency of the defendant. If, after the hearing, the court finds by a preponderance of the evidence that the defendant has recovered to such an extent that he is able to understand the nature and consequences of the proceedings against him and to assist properly in his defense, the court shall order his immediate discharge from the facility in which he is hospitalized and shall set the date for trial. Upon discharge, the defendant is subject to the provisions of chapter 207.

(f) **ADMISSIBILITY OF FINDING OF COMPETENCY.**—A finding by the court that the defendant is mentally competent to stand trial shall not prejudice the defendant in raising the issue of his insanity as a defense to the offense charged, and shall not be admissible as evidence in a trial for the offense charged.

#### SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 4247 of this title.

#### § 4243. Hospitalization of a person found not guilty only by reason of insanity

(a) **DETERMINATION OF PRESENT MENTAL CONDITION OF ACQUITTED PERSON.**—If a person is found not guilty only by reason of insanity at the time of the offense charged, he shall be committed to a suitable facility until such time as he is eligible for release pursuant to subsection (e).

(b) **PSYCHIATRIC OR PSYCHOLOGICAL EXAMINATION AND REPORT.**—Prior to the date of the hearing, pursuant to subsection (c), the court shall order that a psychiatric or psychological examination of the defendant be conducted, and that a psychiatric or psychological report be filed with the court, pursuant to the provisions of section 4247(b) and (c).

(c) **HEARING.**—A hearing shall be conducted pursuant to the provisions of section 4247(d) and shall take place not later than forty days following the special verdict.

(d) **BURDEN OF PROOF.**—In a hearing pursuant to subsection (c) of this section, a person found not guilty only by reason of insanity of an offense involving bodily injury to, or serious damage to the property of, another person, or involving a substantial risk of such injury or damage, has the burden of proving by clear and convincing evidence that his release would not create a substantial risk of bodily injury to another person or serious damage of property of another due to a present mental disease or defect. With respect to any other offense, the person has the burden of such proof by a preponderance of the evidence.

(e) **DETERMINATION AND DISPOSITION.**—If, after the hearing, the court fails to find by the standard specified in subsection (d) of this section that the person's release would not create a substantial risk of bodily injury to another person or serious damage of property of another due to a present mental disease or defect, the court shall commit the person to the custody of the Attorney General. The Attorney General shall release the person to the appropriate official of the State in which the person is domiciled or was tried if such State will assume responsibility for his custody, care, and treatment. The Attorney General shall make all reasonable efforts to cause such a State to assume such responsibility. If, notwithstanding such efforts, neither such State will assume such responsibility, the Attorney General shall hospitalize the person for treatment in a suitable facility until—

(1) such a State will assume such responsibility; or

(2) the person's mental condition is such that his release, or his conditional release under a prescribed regimen of medical, psychiatric, or psychological care or treatment, would not create a substantial risk of bodily injury to another person or serious damage to property of another;

whichever is earlier. The Attorney General shall continue periodically to exert all reasonable efforts to cause such a State to assume such responsibility for the person's custody, care, and treatment.

(f) **DISCHARGE.**—When the director of the facility in which an acquitted person is hospitalized pursuant to subsection (e) determines that the person has recovered from his mental disease or defect to such an extent that his release, or his conditional release under a prescribed regimen of medical, psychiatric, or psychological care or treatment, would no longer create a substantial risk of bodily injury to another person or serious damage to property of another, he shall promptly file a certificate to

that effect with the clerk of the court that ordered the commitment. The clerk shall send a copy of the certificate to the person's counsel and to the attorney for the Government. The court shall order the discharge of the acquitted person or, on the motion of the attorney for the Government or on its own motion, shall hold a hearing, conducted pursuant to the provisions of section 4247(d), to determine whether he should be released. If, after the hearing, the court finds by the standard specified in subsection (d) that the person has recovered from his mental disease or defect to such an extent that—

(1) his release would no longer create a substantial risk of bodily injury to another person or serious damage to property of another, the court shall order that he be immediately discharged; or

(2) his conditional release under a prescribed regimen of medical, psychiatric, or psychological care or treatment would no longer create a substantial risk of bodily injury to another person or serious damage to property of another, the court shall—

(A) order that he be conditionally discharged under a prescribed regimen of medical, psychiatric, or psychological care or treatment that has been prepared for him, that has been certified to the court as appropriate by the director of the facility in which he is committed, and that has been found by the court to be appropriate; and

(B) order, as an explicit condition of release, that he comply with the prescribed regimen of medical, psychiatric, or psychological care or treatment.

The court at any time may, after a hearing employing the same criteria, modify or eliminate the regimen of medical, psychiatric, or psychological care or treatment.

(g) **REVOCATION OF CONDITIONAL DISCHARGE.**—The director of a medical facility responsible for administering a regimen imposed on an acquitted person conditionally discharged under subsection (f) shall notify the Attorney General and the court having jurisdiction over the person of any failure of the person to comply with the regimen. Upon such notice, or upon other probable cause to believe that the person has failed to comply with the prescribed regimen of medical, psychiatric, or psychological care or treatment, the person may be arrested, and, upon arrest, shall be taken without unnecessary delay before the court having jurisdiction over him. The court shall, after a hearing, determine whether the person should be remanded to a suitable facility on the ground that, in light of his failure to comply with the prescribed regimen of medical, psychiatric, or psychological care or treatment, his continued release would create a substantial risk of bodily injury to another person or serious damage to property of another.

(h) **LIMITATIONS ON FURLOUGHS.**—An individual who is hospitalized under subsection (e) of this section after being found not guilty only by reason of insanity of an offense for which subsection (d) of this section creates a burden of proof of clear and convincing evidence, may

leave temporarily the premises of the facility in which that individual is hospitalized only—

(1) with the approval of the committing court, upon notice to the attorney for the Government and such individual, and after opportunity for a hearing;

(2) in an emergency; or

(3) when accompanied by a Federal law enforcement officer (as defined in section 115 of this title).

(June 25, 1948, ch. 645, 62 Stat. 855; Oct. 12, 1984, Pub. L. 98-473, title II, § 403(a), 98 Stat. 2059; Nov. 18, 1988, Pub. L. 100-690, title VII, § 7043, 102 Stat. 4400.)

#### HISTORICAL AND REVISION NOTES

#### AMENDMENTS

1988—Subsec. (h). Pub. L. 100-690 added subsec. (h).

1984—Pub. L. 98-473 amended section generally, substituting "Hospitalization of a person found not guilty only by reason of insanity" for "Delivery to state authorities on expiration of sentence" in section catchline, and substituting provisions relating to determination of present mental condition of acquitted person, examination and report, hearing, etc., for provisions relating to duties of the superintendent of the United States hospital for defective delinquents regarding delivery to state authorities on expiration of sentence of any insane person.

#### SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 4247 of this title; title 28 section 1826.

#### § 4244. Hospitalization of a convicted person suffering from mental disease or defect

(a) **MOTION TO DETERMINE PRESENT MENTAL CONDITION OF CONVICTED DEFENDANT.**—A defendant found guilty of an offense, or the attorney for the Government, may, within ten days after the defendant is found guilty, and prior to the time the defendant is sentenced, file a motion for a hearing on the present mental condition of the defendant if the motion is supported by substantial information indicating that the defendant may presently be suffering from a mental disease or defect for the treatment of which he is in need of custody for care or treatment in a suitable facility. The court shall grant the motion, or at any time prior to the sentencing of the defendant shall order such a hearing on its own motion, if it is of the opinion that there is reasonable cause to believe that the defendant may presently be suffering from a mental disease or defect for the treatment of which he is in need of custody for care or treatment in a suitable facility.

(b) **PSYCHIATRIC OR PSYCHOLOGICAL EXAMINATION AND REPORT.**—Prior to the date of the hearing, the court may order that a psychiatric or psychological examination of the defendant be conducted, and that a psychiatric or psychological report be filed with the court, pursuant to the provisions of section 4247(b) and (c). In addition to the information required to be included in the psychiatric or psychological report pursuant to the provisions of section

4247(c), if the report includes an opinion by the examiners that the defendant is presently suffering from a mental disease or defect but that it is not such as to require his custody for care or treatment in a suitable facility, the report shall also include an opinion by the examiner concerning the sentencing alternatives that could best accord the defendant the kind of treatment he does need.

(c) **HEARING.**—The hearing shall be conducted pursuant to the provisions of section 4247(d).

(d) **DETERMINATION AND DISPOSITION.**—If, after the hearing, the court finds by a preponderance of the evidence that the defendant is presently suffering from a mental disease or defect and that he should, in lieu of being sentenced to imprisonment, be committed to a suitable facility for care or treatment, the court shall commit the defendant to the custody of the Attorney General. The Attorney General shall hospitalize the defendant for care or treatment in a suitable facility. Such a commitment constitutes a provisional sentence of imprisonment to the maximum term authorized by law for the offense for which the defendant was found guilty.

(e) **DISCHARGE.**—When the director of the facility in which the defendant is hospitalized pursuant to subsection (d) determines that the defendant has recovered from his mental disease or defect to such an extent that he is no longer in need of custody for care or treatment in such a facility, he shall promptly file a certificate to that effect with the clerk of the court that ordered the commitment. The clerk shall send a copy of the certificate to the defendant's counsel and to the attorney for the Government. If, at the time of the filing of the certificate, the provisional sentence imposed pursuant to subsection (d) has not expired, the court shall proceed finally to sentencing and may modify the provisional sentence.

(Added Sept. 7, 1949, ch. 535, § 1, 63 Stat. 686, and amended Oct. 12, 1984, Pub. L. 98-473, title II, § 403(a), 98 Stat. 2061.)

#### § 4245. Hospitalization of an imprisoned person suffering from mental disease or defect

(a) **MOTION TO DETERMINE PRESENT MENTAL CONDITION OF IMPRISONED PERSON.**—If a person serving a sentence of imprisonment objects either in writing or through his attorney to being transferred to a suitable facility for care or treatment, an attorney for the Government, at the request of the director of the facility in which the person is imprisoned, may file a motion with the court for the district in which the facility is located for a hearing on the present mental condition of the person. The court shall grant the motion if there is reasonable cause to believe that the person may presently be suffering from a mental disease or defect for the treatment of which he is in need of custody for care or treatment in a suitable facility. A motion filed under this subsection shall stay the transfer of the person pending completion of procedures contained in this section.

(b) **PSYCHIATRIC OR PSYCHOLOGICAL EXAMINATION AND REPORT.**—Prior to the date of the hearing, the court may order that a psychiatric or psychological examination of the person may be conducted, and that a psychiatric or psychological report be filed with the court, pursuant to the provisions of section 4247(b) and (c).

(c) **HEARING.**—The hearing shall be conducted pursuant to the provisions of section 4247(d).

(d) **DETERMINATION AND DISPOSITION.**—If, after the hearing, the court finds by a preponderance of the evidence that the person is presently suffering from a mental disease or defect for the treatment of which he is in need of custody for care or treatment in a suitable facility, the court shall commit the person to the custody of the Attorney General. The Attorney General shall hospitalize the person for treatment in a suitable facility until he is no longer in need of such custody for care or treatment or until the expiration of the sentence of imprisonment, whichever occurs earlier.

(e) **DISCHARGE.**—When the director of the facility in which the person is hospitalized pursuant to subsection (d) determines that the person has recovered from his mental disease or defect to such an extent that he is no longer in need of custody for care or treatment in such a facility, he shall promptly file a certificate to that effect with the clerk of the court that ordered the commitment. The clerk shall send a copy of the certificate to the person's counsel and to the attorney for the Government. If, at the time of the filing of the certificate, the term of imprisonment imposed upon the person has not expired, the court shall order that the person be reimprisoned until the expiration of his sentence of imprisonment.

#### SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 4247 of this title.

#### § 4246. Hospitalization of a person due for release but suffering from mental disease or defect

(a) **INSTITUTION OF PROCEEDING.**—If the director of a facility in which a person is hospitalized certifies that a person whose sentence is about to expire, or who has been committed to the custody of the Attorney General pursuant to section 4241(d), or against whom all criminal charges have been dismissed solely for reasons related to the mental condition of the person, is presently suffering from a mental disease or defect as a result of which his release would create a substantial risk of bodily injury to another person or serious damage to property of another, and that suitable arrangements for State custody and care of the person are not available, he shall transmit the certificate to the clerk of the court for the district in which the person is confined. The clerk shall send a copy of the certificate to the person, and to the attorney for the Government, and, if the person was committed pursuant to section 4241(d), to the clerk of the court that ordered the commitment. The court shall order a hearing to determine whether the person is presently suffering from a mental disease or defect as a result of which his release would create a substantial risk of bodily injury to another person or serious damage to property of another. A certificate filed under this subsection shall stay the release of the person pending completion of procedures contained in this section.

(b) **PSYCHIATRIC OR PSYCHOLOGICAL EXAMINATION AND REPORT.**—Prior to the date of the hearing, the court may order that a psychiatric or psychological examination of the defendant be conducted, and that a psychiatric or psychological report be filed with the court, pursuant to the provisions of section 4247(b) and (c).

(c) **HEARING.**—The hearing shall be conducted pursuant to the provisions of section 4247(d).

(d) **DETERMINATION AND DISPOSITION.**—If, after the hearing, the court finds by clear and convincing evidence that the person is presently suffering from a mental disease or defect as a result of which his release would create a substantial risk of bodily injury to another person or serious damage to property of another, the court shall commit the person to the custody of the Attorney General. The Attorney General shall release the person to the appropriate official of the State in which the person is domici-

ciled or was tried if such State will assume responsibility for his custody, care, and treatment. The Attorney General shall make all reasonable efforts to cause such a State to assume such responsibility. If, notwithstanding such efforts, neither such State will assume such responsibility, the Attorney General shall hospitalize the person for treatment in a suitable facility, until—

(1) such a State will assume such responsibility; or

(2) the person's mental condition is such that his release, or his conditional release under a prescribed regimen of medical, psychiatric, or psychological care or treatment would not create a substantial risk of bodily injury to another person or serious damage to property of another;

whichever is earlier. The Attorney General shall continue periodically to exert all reasonable efforts to cause such a State to assume such responsibility for the person's custody, care, and treatment.

(e) DISCHARGE.—When the director of the facility in which a person is hospitalized pursuant to subsection (d) determines that the person has recovered from his mental disease or defect to such an extent that his release would no longer create a substantial risk of bodily injury to another person or serious damage to property of another, he shall promptly file a certificate to that effect with the clerk of the court that ordered the commitment. The clerk shall send a copy of the certificate to the person's counsel and to the attorney for the Government. The court shall order the discharge of the person or, on the motion of the attorney for the Government or on its own motion, shall hold a hearing, conducted pursuant to the provisions of section 4247(d), to determine whether he should be released. If, after the hearing, the court finds by a preponderance of the evidence that the person has recovered from his mental disease or defect to such an extent that—

(1) his release would no longer create a substantial risk of bodily injury to another person or serious damage to property of another, the court shall order that he be immediately discharged; or

(2) his conditional release under a prescribed regimen of medical, psychiatric, or psychological care or treatment would no longer create a substantial risk of bodily injury to another person or serious damage to property of another, the court shall—

(A) order that he be conditionally discharged under a prescribed regimen of medical, psychiatric, or psychological care or treatment that has been prepared for him, that has been certified to the court as appropriate by the director of the facility in which he is committed, and that has been found by the court to be appropriate; and

(B) order, as an explicit condition of release, that he comply with the prescribed regimen of medical, psychiatric, or psychological care or treatment.

The court at any time may, after a hearing employing the same criteria, modify or eliminate the regimen of medical, psychiatric, or psychological care or treatment.

(f) REVOCATION OF CONDITIONAL DISCHARGE.—The director of a medical facility responsible for administering a regimen imposed on a person conditionally discharged under subsection (e) shall notify the Attorney General and the court having jurisdiction over the person of any failure of the person to comply with the regimen. Upon such notice, or upon other probable cause to believe that the person has failed to comply with the prescribed regimen of medical, psychiatric, or psychological care or treatment, the person may be arrested, and, upon arrest, shall be taken without unnecessary delay before the court having jurisdiction over him. The court shall, after a hearing, determine whether the person should be remanded to a suitable facility on the ground that, in light of his failure to comply with the prescribed regimen of medical, psychiatric, or psychological care or treatment, his continued release would create a substantial risk of bodily injury to another person or serious damage to property of another.

(g) RELEASE TO STATE OF CERTAIN OTHER PERSONS.—If the director of a facility in which a person is hospitalized pursuant to this subchapter<sup>1</sup> certifies to the Attorney General that a person, against whom all charges have been dismissed for reasons not related to the mental condition of the person, is presently suffering from a mental disease or defect as a result of which his release would create a substantial risk of bodily injury to another person or serious damage to property of another, the Attorney General shall release the person to the appropriate official of the State in which the person is domiciled or was tried for the purpose of institution of State proceedings for civil commitment. If neither such State will assume such responsibility, the Attorney General shall release the person upon receipt of notice from the State that it will not assume such responsibility, but not later than ten days after certification by the director of the facility.
